

REFLECTIONS FROM BELIZE

By Vickie Fivecoat

The Belize mission trip was a complete success! The 8 girls that accompanied my husband and myself were involved in several different ministries including leading an assembly at a Christian school, sharing in individual classrooms, VBS at a local church, sports ministry, helping complete construction for a new church seven years in the making and generally encouraging a church in Ladyville, Belize.

As we completed a week of hard work in blazing heat and humidity, we set off for a day and a half of relaxation on a island 45 minutes off the coast of the mainland. We were reminded by our leader that our mission was not complete, that we needed to continue sharing Jesus. On the island we continued witnessing to people and had the privilege of leading one local woman to the Lord! Her name is Anita. Please pray for her that she will be an influence on the island and that others will come to know Jesus because of her witness.

Character Corner

"In a president, character is everything. A president doesn't have to be brilliant...He doesn't have to be clever, you can hire clever...You can hire pragmatic, and you can buy and bring in policy wonks. But you can't buy courage and decency, you can't rent a strong moral sense. A president must bring those things with him...He needs to have, in that much maligned word, a "vision" of the future he wishes to create...But a vision is worth little if a president doesn't have the character—the courage and heart—to see it through."
