

Lookin' Good Wynooski!

Have you seen the Wynooski campus recently? Wow, does it look nice! There are a few people we would like to recognize for their contribution to the improvements on our campus this summer.

The first thing you will notice is the new covered play area. This structure was put up by Ron Burkey Construction. A big thanks goes out to Dave Eberhardt who put the job out to bid, got permits from the city, and oversaw the project from its inception. We are so glad our students will have a place to play outside even when it's raining!

Those in second grade will notice interior improvements to their room this year. A big thanks goes out to Linnea Fettig, her mother-in-law, and Teruah Greenway for their hard work in getting this job done this summer.

Our newly painted lines in the parking lot were donated by one of our new families this year, Matt and Tammee Martin. Thank you!

Stacy and Michelle Burchett spent a lot of time and energy this summer creating and installing acoustical devices that are now mounted on the walls in the Performing Arts Center. This was a much needed addition to this facility. Thank you guys!

Other amenities you will notice including the removal of excess trees and bushes, added bark mulch, some painting, and new signs can be attributed to Dave and Rose Jeffery, Shanna Fendall, and Todd and KC Train. They put in many, many hours this summer making our campus look nice. Thank you soooo much!

It is efforts like these that display the love of Christ and the strength of our community here at C.S. Lewis Academy. We appreciate you.
